

## Series Wiring Waterproof Junction Box

---

Product Code ACC.SWJB.007

A small and discreet waterproof housing for wiring outdoor products in series.

Comprising of 1 input and 1-3 outputs allows you to add multiple products safely. Further JB1s can be linked together until the capacity of the LED power supply or 150W is achieved.

Use in conjunction with products containing the H05RN-F cable only.

IP68 rated connections for external use. 1-3 outputs.

95x95mm
